

Garbage Bags, Bin Liners, Can Liners, Trash Container Liners

FYI

We pride ourselves in offering a complete and broad line of high quality trash container liners consisting of in-stock and off-the-self products of superior quality. The raw materials used to manufacture our **DURA STUFF®** trash container liners include linear low density polyethylene (LLDPE), premium super-hexene, recycled materials including reprocessed production scrap (Repro), and post-consumer recycled material (PCR). **DURA STUFF® PLUS®** includes High Molecular Weight/High Density polyethylene (HDPE).

Both **DURA STUFF®** and **DURA STUFF® PLUS®** trash can liners are among the best you can purchase for commercial use.

DURA-STUFF® BLACK LLDPE TRASH CONTAINER LINERS – Stretchy and Strong!

Great for heavy or sharp trash!

The type of trash you will process often dictates the plastic type, its quality, size and color, together with the amount of recycled materials used in making your trash container liner the best for your use. Our bags made of linear low density polyethylene (LLDPE) are pliable, yet strong and extra stretchy. Large liners of 1.5 mil / .38 micron thickness are usually suitable for wet and very heavy trash.

DURA-STUFF® CLEAR LLDPE TRASH CONTAINER LINERS – Stretchy and Strong!

Great for heavy or sharp trash!

These linear low density polyethylene (LLDPE) trash container liners are the same as the black plastic liners noted above, but are made of clear plastic. Clear plastic is utilized by the management of many businesses as part of a theft prevention program. By exposing the contents of the liner, clear plastic can help prevent (or document) the theft of valuable items possibly placed in the trash by dishonest individuals for later retrieval.

DURA-STUFF®**RED "INFECTIOUS WASTE" LLDPE PLASTIC TRASH CONTAINER LINERS – Stretchy and Strong for OSHA!**

Meets state regulatory guidelines for film strength!

These linear low density polyethylene (LLDPE) trash container liners are the same as the black and clear plastic liners, but are made of a special red plastic. This red plastic trash container liner with the 'Infectious Waste' imprint and special thickness is utilized to meet state regulatory guidelines. All business establishments should keep some of these bags on hand in order to help safely remove waste items contaminated by body fluids, blood and other potentially infectious substances. These bags ideally replace bags used for clean up kits required by OSHA Bloodborne Pathogens Final Rule 29 CFR 1910.1030.

(Note: Clean up Kits are available on page 141.)

Size: Heavy Duty 24" x 24" • **Waste Receptacle size:** 7.5 - 10 gal.

Film Thickness: 1.25 / 31 • **Case Count:** 250

Comp No.: CT033 1-9 case.....\$24.95 /cs.
10+ case.....\$23.95 /cs.

**DURA-STUFF®****COLORLED LLDPE TRASH CONTAINER LINERS**

Ideal when color coding is necessary!

**DURA-STUFF® PLUS®****BLACK & TRANSLUCENT HDPE PLASTIC TRASH CONTAINER LINERS – Tough and Cost Effective!**

Great for lightweight trash!

Our high density polyethylene (HDPE) trash container liners are made of material that is inherently tough and resistant to punctures. HDPE liners are uniquely made thinner than other types of plastic liners without compromising strength. Although HDPE bags are strong, they require an average of 30% less plastic film for the same performance as a comparably sized LLDPE trash container liner. Switching to HDPE trash container liners helps reduce plastic material dumped in landfills.

All our HDPE plastic liners are packed as small easily portable rolls from which each bag is separated using perforations provided for easy dispensing. Liners on rolls are becoming increasingly popular due to their portability, ease to use and theft prevention feature. Personnel find it convenient to carry these liners on a roll wherever they go. When using these, personnel simply tear off a strip of liners; peel the top one over the trash container, leaving the rest attached underneath for future use. They simply rip off the filled used bag and peel down the next one when emptying a filled trash container the next day. Issued rolls can be placed on a maid or utility cart, rather than providing an entire case will help cut down on pilferage.

We recommend use of HDPE trash container liners when cost is a concern and trash does not contain sharp edges.

**RUBBERMAID® PEDAL ROLLTOP CONTAINER**

The sleek styling of this rolltop container will complement any decor while its slim oval shape will fit easily into tight spaces conventional lift lid containers can't. The rolltop lid design opens without drawing odors into the air and eliminates the need for overhead clearance while its seamless construction resists leaking. A stainless steel lifting rod provides long-lasting reliable performance while the wrap-around pedal provides access from both front and sides.

Rubbermaid® Pedal Rolltop Container
Size: 22.25" x 14.7" x 27.2" • Liner size: 24" x 31"
Color: grey • Comp No.: RM617.....\$95.79 /ea.
Color: beige • Comp No.: RM6177BEI.....\$95.79 /ea.

**BRUTE CONTAINERS AND ACCESSORIES**

The Brute family of containers is built to take the toughest beating. They have been designed for all of your material handling and storage needs. They stack, nest, and are easily cleaned. Brutes are made of a special plastic resin which holds up to heavy punishment. Built-in hand grips allow for easy lifting.

32 Gallon Brute Container & Lid: Color: grey
Container: Size: 22" x 27.25" • Liner size: 33" x 39" - 40" x 46" • Stock No.: 2632 • Comp No.: RM2632GRY.....\$34.78 /ea.
Lid: Size: 22.25" x 1.5" • Stock No.: 2631 • Comp No.: RM2631GRY.....\$11.16 /ea.

Stock No.: 8182-88 • Comp No.: RM8182BEI.....\$358.98 /ea.

**RUBBERMAID® SLIM JIM® STATION RECYCLING CONTAINER**

Provides a convenient central collection site in areas of high waste. Recycling reduces the amount of waste going to landfills. However, prevention, not creating the waste in the first place, provides the highest level of environmental protection.

Rubbermaid® Slim Jim® Station Recycling Container
Capacity: 23 gal. • Size: 20" W x 11" D x 30" H • Color: blue
Stock No.: 3540-06 • Comp No.: RM3540-06.....\$50.59 /ea.

Rubbermaid® Slim Jim® Tops
Fits RM3540-06 (above) container.

Paper Recycling
Color: blue • Comp No.: RM2703BLU.....\$36.08 /ea.

Bottle & Can Recycling
Color: green • Comp No.: RM2692GRN.....\$36.08 /ea.

Slim Jim Trolley
Color: black • Comp No.: RM3551-88.....\$68.82 /ea.

MARSHAL DURAMOLD CONTAINER

Under normal use - with the top on and the door shut - a Marshal Duramold container will contain flames and put them out. This product has been approved by the California State Fire Marshall pursuant to section 13144.1 of the California Health and Safety Code. The Duramold container won't dent, scratch or rust! It features a snug-fitting, hinged top that keeps out rain with a gravity closure door (no springs to rust or break). Inside, a bag holder makes for easy maintenance and neatness when using a receptacle liner. All units can withstand temperature ranges from sub-zero to summer heat.

15 Gallon Marshal: Size: 15³/₈" x 36¹/₂" • Liner size: 30" x 36"
Color: brown • Stock No.: 8160 • Comp No.: RM8160.....\$151.59 /ea.

21 Gallon Marshal: Size: 18" x 42" • Liner size: 40" x 46"
Color: beige • Stock No.: 8170 • Comp No.: RM8170.....\$198.09 /ea.
Color: brown • Stock No.: 8170 • Comp No.: RM020.....\$198.09 /ea.

SWING - TOP RECEPTACLE & LID

These attractive White/Mipro Swing-Top receptacles feature two-way waste disposal, self closing doors, rubber feet and heavy gauge steel construction with a sturdy baked-on enamel finish. In addition to stocking the most popular almond color receptacle we are able to special order both white and light grey receptacles upon request. Flame-out style helps prevent fires.

21 Gallon: Color: almond • Size: 14" x 14" x 36¹/₂" • Liner size: 30" x 36"
Stock No.: 1141 • Comp No.: HJ435.....\$157.46 /ea.

36 Gallon: Color: almond • Size: 18" x 18" x 39" • Liner size: 40" x 46"
Stock No.: 1161 • Comp No.: HJ445.....\$278.96 /ea.

LANDMARK SERIES® STEEL CONTAINERS

- Classic look with steel construction comes fully assembled, including aggregate panels
- Suitable for both indoor and outdoor applications
- Heavy gauge, hot dipped galvanized steel provides corrosion resistance
- Stone panels have Class B fire rating.
- UV-stabilized powder coat finish protects color and helps extend product life
- Spun aluminum ashtrays for reduced maintenance and longer life

24 Gallon Ash/Trash Sand Top
Size: 17¹/₂" Sq. x 34¹³/₁₆" H • Liner Size: 30" x 37"
Stock No.: 3974
Color: grey • Comp No.: RM974.....\$439.20 /ea.
Color: brown • Comp No.: RM3974BRN.....\$439.20 /ea.

PLAZA® CONTAINERS

- Contemporary styling with side opening door for "no lift" unloading
- The 35-gallon size is ideal for tight spaces and ships fully assembled
- Spring-loaded swing doors help contain odors
- Includes bolt-down capability

35 Gallon Plaza® Container/Ashtray
Size: 21⁷/₁₆" L x 20⁵/₁₆" W x 41¹/₁₆" H • Color: beige
Comp No.: RM9P90.....\$412.92 /ea.

50 Gallon Plaza® Container/Ashtray
Size: 24³/₄" L x 25¹/₄" W x 42¹/₈" H • Color: beige
Comp No.: RM3965BEI.....\$533.82 /ea.

**RANGER RECEPTACLES**

Ranger containers put waste in its place neatly and attractively. Ranger 35 gallon capacity containers are constructed of tough, seamless duramold material and built to last indoors or out. Molded-in grippers, optional polyliner bags and rigid liners are also available.

35 Gallon Ranger Receptacle

Size: 19¹/₂" x 19¹/₂" x 39³/₄" • Liner size: 40" x 46"
Stock No.: 8430

Color: beige • Comp No.: RM843.....\$286.44 /ea.
Color: brown • Comp No.: RM8430BRN.....\$286.44 /ea.

**RUBBERMAID® UNTOUCHABLE CONTAINER**

Rubbermaid® untouchable containers are made of a durable and strong, crack resistant plastic material. The containers can be used both indoors and outdoors.

**35 Gallon Rubbermaid®**

Size: 19¹/₂" x 19¹/₂" x 27⁵/₈" • Liner size: 40" x 46"
Color: beige • Comp No.: RM3958BEI.....\$100.44 /ea.
Color: grey • Comp No.: RM335.....\$100.44 /ea.

35 Gallon Rubbermaid® Lid

Size: 20" x 20" x 6¹/₄" • Stock No.: 2664
Color: beige • Comp No.: RM2664BEI.....\$55.24 /ea.
Color: grey • Comp No.: RM2664GRY.....\$55.24 /ea.

MARSHAL® STEEL CONTAINERS

- Decorative, indoor waste management
- Excellent for indoor and protected outdoor use
- Powder coated steel containers constructed of heavy gauge galvanized steel
- Self-closing, reinforced, mirror-polished stainless steel door
- Stainless steel, corrosion-resistant reinforcing bottom rim protects floors
- Recessed hand grips offer easy lifting for refuse removal

Size: 15¹/₄" D x 36¹/₂" H • Color: beige • Capacity: 15 gal.
Comp No.: RM9631BEI.....\$162.29 /ea.

**ATRIUM® FIBERGLASS CONTAINERS**

- Perfect for entrance ways and lobbies
- Constructed with class 1 fire-retardant resin
- UV-stabilized, gel-coat protects color
- Smooth-walled construction is easy to clean
- Equipped with plastic rigid liners

28 Gallon Atrium® Fiberglass Container Radius Top

Size: 18¹/₈" D x 30¹/₄" H • Color: grey
Comp No.: RM9111GRY.....\$621.24 /ea.

28 Gallon Atrium® Fiberglass Container Dome Top

Size: 17³/₄" D x 38" H • Color: black
Comp No.: RM9112BLK.....\$691.92 /ea.

PROCTER & GAMBLE CLOSED LOOP DISPENSING SYSTEM

The P&G Closed-loop Dispensing System provides facility management with a broad array of benefits. Although originally designed to maximize the cost savings available from super-concentrated chemical products, as well as to drive performance and consistency with proper strength dilutions, these units also provide advantages that encompass worker safety issues and enhance environmental responsibility with the use of efficient and effective cleaning products provided by P&G.

The "closed-loop" feature of the P&G system concentrates and dilutes products at the correct ratio. In conjunction with a system of true chemical management, our dispensing system incorporates a "no-contact" feature, preventing your workers from harm associated with direct splashing or contact with the concentrated product. This leads to effective and safe use of the properly diluted chemical cleaner. When coupled with proper on-site training, the P&G Closed Loop System will help provide exceptional value for your cleaning dollar and promote a safer workplace.

 10+ case.....\$20.95 /cs.

NILODOR DISPOSABLE URINAL & TOILET FLOOR MATS

Save cleaning time by protecting your floors from stains and discoloration for 30 days at a time. These floor mats contain a neutralizing agent that combats odors. They also prevent cross contamination of urine from the restroom to other areas. Special nonslip bottom provides a safer, drier floor surface and helps prevent slips and falls. Mats last about 30 days, depending on usage and are easily picked up and replaced.

Packed: 6 • **Size:** 17" W x 20 3/8" L • **Comp No.:** NI700.....\$49.95 /cs.
Packed: 6 • **Size:** 22" W x 22" L • **Comp No.:** NI705.....\$49.95 /cs.

THICKENED DRANO LIQUID DRAIN OPENER

This formula is an extra strength (32% caustic) drain opener for use in institutional, industrial and commercial applications. Opens drains quickly by attacking hair, food, waste, soap scum and other organic matter. Pours through standing water. Will not harm pipes or septic tanks.

Packed: 12/32 oz. • **Stock No.:** 90485
Comp No.: DA010 1-9 case.....\$69.95 /cs.
 10+ case.....\$68.95 /cs.

SUPER N BIO-ENZYMATIC URINE DIGESTER

This multi-purpose digesting formula contains selected strains of natural bacteria, enzymes and the highly effective Nilodor odor counteractant. It breaks down and digests organic waste thereby eliminating the source of many odors. Spray on restroom floors to eliminate urine odors, on carpet, furniture cushions and pillows to eliminate organic odors and on soiled linens to break down and eliminate odors and stains. Can be used on carpeting, as well as hard and porous surfaces.

FEBREZE FABRIC REFRESHER & ODOR ELIMINATOR

Febreze eliminates odors and restores freshness in fabrics. Other products might mask odors, but Febreze removes them permanently. Febreze effectively removes smoke odors, musty smells and practically every other tough odor you encounter. It penetrates fabrics down to the fiber, where odors get trapped and when it dries, odors vanish for good. Febreze restores freshness on virtually every fabric and safely removes odors from carpet, furniture, curtains and so much more.

**SOFT SCENT® – Concentrated Liquid Deodorizer**

Soft Scent® is an economical deodorizing liquid concentrate. This versatile odor killer may be diluted and sprayed into the air to fight tough odors leaving the treated area with a pleasant, fresh scent. Soft Scent® may also be used as a deodorizer on colorfast carpets and fabrics by adding Soft Scent® to your carpet cleaning solution. Available in two fresh fragrances: Ocean Breeze and Rain Forest. Dilute by adding 1 part Soft Scent® to 10 parts clear water.

URINE ODOR CONTROL

Bio-90 Pss-Off is for use whenever urine is present. Great for hospitals, retirement homes, kennels, schools, and any restroom where urine odors may occur. Safe for use on carpets, bedding, restroom fixtures, urinals and refuse containers. Pss-Off is safe, easy to use, fast acting, and non caustic. Pss-Off's natural microorganisms eliminate urine and remove the salt residues that can cause corrosion. Ready to use formula.

P&G PRO LINE DIGESTANT DEODORIZER

A natural enzymatic cleaner specially engineered to break down all types of organic soils and grease buildup from drain lines.

- Digests and removes the source of organic waste, converting it to CO₂ and H₂O
- Contains non-pathogenic bacteria that grow, multiply and act as enzyme generators
- Eliminates odors at the source and forms a digesting film to keep drain lines and traps running free

Packed: 12/32 oz. • Stock No.: 41787

Comp No.: PG835 1-9 case.....\$62.95 /cs.
10+ case.....\$61.95 /cs.

NILOTRON ODOR CONTROL AEROSOL SYSTEM

Nilotron is the "designer" dispensing system. Not only is it a reliable and efficient aerosol dispensing system, it is specifically designed to enable you to change an insert panel on the front cover to match your wash-room decor. The battery operated dispenser provides continuous 24-hour odor control and features adjustable 7.5, 15 and 30 minute, daylight and 24 hour settings, on-off switch as well as battery and refill information indication lights. One dispenser and refill effectively covers 6,000 cubic feet.

WYPALL X70 – Heavy Duty Manufactured Rags

Manufactured Rags are the first products to be made from Kimberly-Clark's advanced new material - Hydroknit. It is designed for use in a variety of industrial and consumer products where durable fast-absorbing qualities are needed. Unlike most heavy-duty wiping materials, the Hydroknit requires no adhesives or chemical binders, which can inhibit maximum performance. It is manufactured using jets of water to attach soft, absorbent paper to an extra-strong nonwoven fabric. The result is a new wiper product category - Manufactured Rags - which combines the best qualities of disposable wipers and scrap rags.

MICROFIBER MAGIC CLEANING TOWELS

Microfiber is a man-made product that combines two basic fibers, Polyester and Polyamide (a nylon by-product fibers are then split and formed into a blend of 80% Polyester (the scrubbing and cleaning fiber), and 20% Polyamide (the absorbing and quick drying fiber). There are approximately 200,000 microfibers in one square inch of a microfiber towel. A single strand of microfiber is so small that it is almost invisible to the naked eye. These all can be machine washed and the only restriction is that you not use fabric softener. You will be amazed at how well the miraculous towels work!

Cleaning and Shining

- Removes all dirt, oil, and grease
- Removes all polish residue or wax
- Absorbs water like a sponge
- Suitable for multiple surfaces
- Saves time and saves money
- Wash and reuse over and over
- Contains no harmful chemicals
- Shines the surface streak-free in seconds

Hardwood handle with white Tamplene plastic bristles.

PU035

Block: wood • **Length:** 4.75" • **Bristles:** polypropylene
Comp No.: PU035.....\$1.75 /ea.

FYI

Tampico Fiber: Produced in Mexico, from the stalk of the Agave plant. Has a soft to medium texture and is off white in color. It is often dyed and blended to give the desired affects to a brush.

Palmyra Fiber: Produced from the base of the leaf stalks of the India Palmyra palm. It has a medium stiff to stiff texture and is light to dark brown in color.

Nylon Fiber: Nylon is produced in several grades of quality and price. However, only those of the finest quality are used in the brushes we sell. Water-resistant Nylon bristles are long-wearing and sanitary. They won't absorb moisture, but they do repel rot and mildew, discourage bacterial growth and resist most acids.

Tamplene Fiber: Heavy-duty Polypropylene bristles that approximate Tampico in appearance, rigidity and general brush performance. Tamplene is an improvement over Tampico because it offers substantially increased brush life. Highly chemical-resistant Tamplene also holds solutions well, but resists bacteria growth and rot.

LONG HANDLE UTILITY BRUSHES**Nylon Fender Brush**

The Nylon Fender Brush is a durable all-purpose cleaning brush. Handle is made of polypropylene. Bristles are made of crimped nylon.

Handle: polypropylene • **Length:** 20" • **Bristles:** nylon
